## XD FIN FOR TROLLING

The Aqua-Vu XD Camera is specially weighted and designed for slowly drifting or for trolling from 1- to 3-mph. The XD Trolling Fin is easy to install and remove, and provides ample stability for faster trolling speeds, if desired. Drop the camera beneath your boat to the desired depth and begin moving. Start by trolling or drifting at slow speeds and across areas where the lake bottom is relatively uniform. As you become comfortable manipulating camera depth at different speeds, you may also choose to move along drop-offs, weed edges and other structure. For best results, keep the camera directly beneath the boat whenever possible, and position it 3 feet above bottom or less.

## XD FIN + LIVE STRIKE

The Live Strike™ System allows you to watch trolled or drifted lures and fish following and striking on the Aqua-Vu monitor, **as it happens LIVE**. This exciting, exclusive system works best by clipping your fishing line into the Live Strike clip and towing a lure or bait directly behind the camera lens (with the XD Trolling Fin in the Rear Viewing Setup). For best results, attach the fishing line to the clip so the lure trails within 5 feet of the camera. As depth increases or water clarity decreases, it may be necessary to move the lure closer to the camera for maximum visibility. Shallow diving crankbaits, spinners and live bait rigs, swimbaits and other soft plastics work great. When a fish strikes, the Live Strike clip releases line, freeing you to fight the fish.

## HOW TO OBTAIN SERVICE

### ONE YEAR LIMITED WARRANTY

Outdoors Insight, Inc. warrants its products to be free from defects in materials and workmanship for a period one-year from the original date of purchase. Aqua-Vu will at its sole discretion repair or replace any components that fail in normal use. Failures caused by abuse, misuse, alteration, or self-repair are not covered under warranty. The warranty is valid for the original owner and is non-transferable.

### CUSTOMER SERVICE

We want our products to provide you with a pleasant on-the-water/ice experience. That means maximum customer satisfaction. If you have a problem with your Aqua-Vu unit please contact Outdoors Insight, Inc. Customer Service at one of the following methods:

**OUR WEBSITE:** [www.aquavu.com](http://www.aquavu.com)

**CHAT:** During regular business hours (Central Time) our customer service staff is available to help you via live chat. Simply visit our home page and click on Chat.

**SUPPORT:** Click on support—contact us. Enter your name and information and we will get back to you within two business days.

**PHONE:** Give us a call at 866-755-6303. Normal business hours are 8am to 4pm M-F Central

### PHYSICAL ADDRESS:

- Stop by during business hours 8am to 4pm M-F Central
- Our address is: 34076 County Road 3, Crosslake MN 56442

**TO SERVICE YOUR AQUA-VU:** Contact us at one of the above methods. Our customer service team will issue you a Return/Repair Authorization Number. Please print a copy of the Return Authorization and include inside your shipping box. We also ask that you write the Return Number on the outside of the box as this will expedite your case.

The Address for Returns is:

### VIA USPS:

Outdoors Insight, Inc.  
PO Box 368  
Crosslake, MN 56442

### VIA UPS/FEDEX:

Outdoors Insight, Inc.  
34076 County Road 3  
Crosslake, MN 56442
